

TEXAS DEPARTMENT OF AGRICULTURE
Hog Out County Grants
Program Guidelines

Overview. The Texas Department of Agriculture (TDA) is administering the Hog Out County Grants Program (Program). The Program is designed to encourage counties across the State of Texas to make a concentrated and coordinated effort to reduce the feral hog population and the damage caused by these animals during the three month period of October 1, 2012 thru December 31, 2012, with the month of October 2012 being deemed “Hog Out” Month. This document sets forth Program requirements and procedures.

Notice of Intent to Participate. In order to participate, an appropriate county official must complete and return a Notice of Intent to Participate in the Program prior to the close of business on September 28, 2012. Any county that submits their Notice of Intent after the deadline will not be eligible to receive funds from the Hog Out County Grants Program. Filing a Notice of Intent to Participate does not legally bind your county to participate in the Program. Notices may be submitted via mail, fax, or email to one of the addresses below.

Program Process.

Participating counties will be required to document the following results for the period of October 1, 2012 through December 31, 2012, by submission of a certified TDA Program Application (See Submitting an Application):

- Historical participation in the Hog Out County Grant Program. Counties that have previously submitted completed applications will be awarded ____ points.
- Number of feral hogs taken in the county, as certified by the county. The county will receive five points per 10 hogs taken. A feral hog is taken if it is killed during the period of October 1, 2012 thru December 31, 2012, or if it is trapped, snared, or captured during this period for purposes of immediate slaughter. Hogs that are trapped, snared, or captured for any other purpose (such as transfer to an approved hunting area) are not considered to have been taken.
- Number of individuals participating in county-approved educational courses addressing feral hog abatement technologies. Participating counties will receive one point per participant in attendance at each educational course, as certified by the county. Educational content related to feral hogs should be at a minimum of 60 minutes.

Transporting a live feral hog to an authorized hunting preserve does not reduce the feral hog population and should not be counted in the county's certification of the total of feral hogs taken during the activity period.

Eligibility Criteria. To be eligible for an award under the Program, the applicant must be a Texas county that timely submits a Notice of Intent to Participate. The county must have or develop a method to accurately track the number of feral hogs taken in the county during the period of October 1, 2012 thru December 31, 2012 (such as collection and notching of ears). Counties that received, or are currently receiving, grant funds from TDA's previous 2012 Feral Hog County Grants are eligible to receive another award in 2013. However, performance submitted toward the current year program competition cannot be funded by TDA grant funds from a previous Feral Hog County Grant award.

Submitting an Application. Counties that participate will be required to submit a completed Grant Application and Resolution documenting the county's results postmarked by **January 18, 2013**. Applications will be accepted beginning **January 2, 2013**, and must be submitted on Form GTBD-130 provided by TDA. Application forms will be available on TDA's website at www.TexasAgriculture.gov or available upon request from TDA by calling (512) 463-6695 or emailing grants@TexasAgriculture.gov.

Applications must be certified and bear the signature of the County Judge and the authorized county official who signed the Notice of Intent to Participate. If the County Judge originally signed the Notice of Intent to Participate, a County Commissioner, duly authorized by the Commissioner's Court, should also certify the results.

Applications should be submitted to one of the following addresses:
